WORK EXPERIENCE

Software Developer Tria plc

07/2023 - Present

Addis Ababa, Ethiopia

Achievements/Tasks

- Led the development of key features using React.js and SharePoint Framework(SPFx) and collaborated with cross-functional teams to deliver a high-performance Smart Office Solution.
- Working on a health licensing management system designed to manage the end-to-end licensing process for health professionals, health facilities, and food and health institutions. The system facilitates new license applications, physical inspections, and subsequent processes, including license renewal, upgrades, and revocations. I work as a Frontend developer with React.js and Next.js.
